#### Item 1. Notice.

Chairman Wright inquired if everyone who requested notification had been notified of this meeting. Ms. Trobough replied that notifications were sent.

#### Item 2. Approve Minutes of the MTAA's Regularly Scheduled Board Meetings of April 20, 2021.

Chairman Wright asked the Board to review the Minutes of the Regularly Scheduled Board Meeting held on April 20, 2020 and inquired if there were any additions, corrections or comments to the Minutes. Mr. Munson requested a correction to the motion made on Item 9 as follows:

Mr. Rinner made a motion to authorize staff to purchase the twenty-three (23) Glock handguns from GT Distributors at a cost of \$9,844.00 and the three (3) rifles from Clyde Armory at a cost of \$4,520.00. Total firearm purchase is authorized at a cost not to exceed Seventeen Thousand Four Hundred Seventy-One Dollars and No Cents (\$17,471.00). Mr. Munson seconded the motion.

Mr. Munson moved to approve the Minutes of the Regularly Scheduled Board Meeting of April 20, 2020 as amended. Ms. Garcia-Babb seconded the motion. Motion carried.

#### Item 3. Public Comment

Chairman Wright inquired if there was anyone registered to speak during Public Comment. Mr. Johnson replied that Brooks Pettit was in attendance and would like to make a presentation to the Board on the progress to-date on the *Thunder Over the Heartland Airshow 2021*. Mr. Pettit distributed information to the Board and presented a slide-show on the event which is scheduled for practices and media day on Friday, June 25 and to be open to the public on Saturday, June 26 and Sunday, June 27.

#### Item 4. Adopt the Agenda.

Chairman Wright inquired if there were any changes to the Agenda as presented. Mr. Munson made a motion to adopt the Agenda as presented. Ms. Stubbs seconded the motion. Motion carried.

#### Item 5. Presentation of 2020 Audit Report by Berberich Trahan & Co., P.A.

Chairman Wright welcomed Stacey Hammond of Berberich Trahan Co., P.A., who presented the 2020 Audit Report by providing the following report:

Ms. Hammond presented the bound materials for the 2020 MTAA audit titled: Report to the Board of Directors May 11, 2021 and Financial Statements Years Ended December 31, 2020 and 2019.

Ms. Hammond's report on the Financial Statements:

• Pages 1-3 of the report contain the Independent Auditors' Report. As stated on Page 2, it is their opinion that the financial statements present fairly, in all material respects, the financial position of the business-type activities of the authority as of December 31, 2020 and 2019, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States. She stated that this is known as a "clean opinion" and is the best opinion given.

Ms. Hammond's report on the Single Audit required for Federal Grants and Passenger Facility Charges:

 Pages 55-56 of the report contain the "Independent Auditors' Report on Compliance for Each Major Federal Program, Report on Compliance with Requirements Applicable to the Passenger Facility Charge Program and Report on Internal Control Over Compliance". As stated on Page 56, it is their opinion that the MTAA complied, in all material respects, with the types of compliance requirements referred to within the report on both the Major Federal Program and the Passenger Facility Charge Program.

Ms. Stubbs made a motion to accept and file the Audit Report for the Years Ended December 31, 2020 and 2019 as presented. Mr. Rinner seconded the motion. Motion carried.

- Item 6. Consider Approval of MTAA Resolution No. 21-274 Authorizing the Acceptance of the Airport Coronavirus Response Grant Program (ACRGP) Grant Offer #3-20-0113-040-2020 Through Federal Aviation Administration.
- Item 7. Consider Approval of MTAA Resolution No. 21-275 Authorizing the Acceptance of the Airport Coronavirus Response Grant Program (ACRGP) Grant Offer #3-20-0082-022-2020 Through Federal Aviation Administration.

Chairman Wright suggested the combining of the discussion of Items 6 and 7. Mr. Johnson proceeded by reporting that the Airport Coronavirus Response Grant Program (ACRGP) Grant Offers, for Topeka Regional Airport and Philip Billard Municipal Airport, were received from the Federal Aviation Administration (FAA). These Grant Offers are similar to the CARES Act funding in that they are 100% grants with zero local participation. The grants are for costs related to operations, personnel, cleaning, sanitization, janitorial services, combating the spread of pathogens at the airport as approved by the FAA.

Mr. Johnson requested the Board of Directors to consider adoption of the following:

• MTAA Resolution No. 21-274, which authorizes the MTAA President sign in acceptance of the FOE grant offer from the FAA in the amount of One Million Three

- Thousand Nine Hundred Thirty-Two Dollars and No Cents (\$1,003,932.00) for AIP Project 3-20-0113-040-2021; and
- MTAA Resolution No. 21-275, which authorizes the MTAA President sign in acceptance of the grant offer from the FAA in the amount of Twenty-three Thousand Dollars and No Cents (\$23,000) for AIP Project 3-20-0082-022-2021.

Ms. Garcia-Babb made a motion to adopt MTAA Resolution No. 21-274 authorizing Eric Johnson to sign the FOE grant offer from the FAA in the amount of One Million Three Thousand Nine Hundred Thirty-Two Dollars and No Cents (\$1,003,932.00) for AIP Project 3-20-0113-040-2021. Mr. Rinner seconded the motion. Motion carried.

Ms. Garcia-Babb made a second motion to adopt MTAA Resolution No. 21-275 authorizing Eric Johnson to sign the TOP grant offer from the FAA in the amount of Twenty-three Thousand Dollars and No Cents (\$23,000) for AIP Project 3-20-0082-022-2021. Mr. Munson seconded the motion. Motion carried.

Item 8. Review Bids Received and Consider Contract Awards on New Class V, 3000 Gallon Aircraft Rescue Fire Fighting (ARFF) Vehicle and Ancillary Equipment Through Funding Provided by AIP Project #3-20-0113-39-2021.

Mr. Johnson reported the 2021 Airport Improvement Program (AIP) plans or the purchase of a 3,000-Gallon Aircraft Rescue Fire Fighting (ARFF) Vehicle. This purchase will replace the 1986 1,500-gallon ARFF vehicle purchased through AIP.

Staff advertised a solicitation for bids which were opened publicly on April 30, 2021. Two bids were received for the ARFF Vehicle and three bids for the equipment. The ARFF vehicle low bid meeting the specifications was submitted by Rosenbauer Minnesota, LLC at a total bid of \$760,755.00. The lowest responsive bid for the equipment was provided by Danko Emergency Equipment at a cost of \$106,240.00. The combined cost for the ARFF Vehicle and Equipment is \$866,995.00 which is well within the budgeted amount of \$936,300.00. The MTAA Share of this cost is \$86,700.00.

Mr. Johnson made a recommendation to the Board that they authorize staff to purchase the 3000 Gallon Aircraft Rescue Fire Fighting (ARFF) Vehicle from Rosenbauer Minnesota, LLC and Ancillary Equipment from Danko Emergency Equipment at a total cost of Eight Hundred Sixty-Six Thousand Nine Hundred Ninety-Five Dollars (\$866,995.00).

Mr. Rinner made a motion to authorize the purchase, subject to FAA approval, of the ARFF Vehicle from Rosenbauer Minnesota, LLC, in the amount of their bid of Seven Hundred Sixty Thousand Seven Hundred Fifty-five Dollars and No Cents (\$760,755.00). Mr. Munson seconded the motion. Motion carried.

Mr. Munson made a motion authorizing the purchase, subject to FAA approval, of the Ancillary Equipment from Danko Emergency Equipment in the amount of their bid of One Hundred Six Thousand Two Hundred Forty Dollars and No. Cents (\$106,240.00). Ms. Stubbs seconded the motion. Motion carried.

Item 9. Review and Consider a Bid Offered Through a Governmental Competitive Bid on a Multi-Purpose Fire Department First Responder Vehicle for Land and Air Side Operations.

Mr. Johnson reported that there was \$250,000.00 included in the 2021 budget for the purchase of a First Responder Vehicle. During the last year, several issues were experienced that placed an urgency in purchasing this truck, such as multiple mechanical failures of MTAA's brush truck as well as current availability and future availability of vehicle chassis. Danko Emergency equipment holds the state bid contract for this apparatus with a vehicle price of \$208,500. This price does not include the equipment needed on the apparatus which will be provided to the Board at a later date for approval.

The proposed apparatus style and design will be functional for the following uses:

- Medical Responses Primary Function, as medical calls are the most frequent response. This will reduce usage of over-sized vehicles for response.
- **Grass Fire Responses** Will replace Brush 3 that has been experiencing mechanical failures.
- **HazMat responses** Will be equipped with required monitoring and mitigation equipment.
- **Rescue Responses** Will supplement the Aerial on all rescues, allows apparatus access where the Aerial may be too big, allows quick water deployment. Lighter and 4x4 will allow for off road access. Has attachment points around the apparatus for vehicle/aircraft stabilization.
- ARFF Responses Will be equipped with onboard Class B foam system operable from within the cab by a single firefighter. The truck is lighter and 4x4 will allow access to incidents within safety areas that large ARFF trucks cannot access allowing foam deployment.

The design of this apparatus will allow for responses to almost every call the MTAA Fire Department responds to, either as primary or supplemental, which will make it the most commonly used apparatus.

Mr. Johnson recommended the Board authorize staff to purchase the First Responder Vehicle from Danko Emergency Equipment at the state-bid contract price of \$208,500.00.

Ms. Stubbs made a motion to authorize staff to contract with Danko Emergency Equipment for the purchase of the First Responder Vehicle at a cost not-to-exceed Two Hundred Eight Thousand Five Hundred Dollars (\$208,500.00). Mr. Munson seconded the motion. Motion carried.

Board to Consider Proposal from Volaire Aviation

Date: June 3, 2021

TOPEKA REGIONAL

AIRPORT & BUSINESS CENTER

OPEKA AIRPORT AUTHORITY

**BILLARD AIRPORT** 

Consultant for Air Service Development.

(Board Action Required)

In May 2018, the MTAA Board of Directors authorized staff to enter into a contract with Volaire Aviation Consulting (VAC) for air service development. Our intention is to continue conversations with several airlines. The new agreement is for a period of one year with a one-year option and is included for those that are not familiar with it.

We intend to market Topeka aggressively in the coming years as the airline industry is recovering and I believe this agreement, along with the leakage and point of origin studies completed under the previous agreement, will better enable us to do so.

I ask the Board to authorize staff to continue the agreement with Volaire Aviation Consulting at a monthly cost of \$2,500.00. Funds are available in the 2021 budget in line item 31150 – Consulting Services. Additional expenses may include miscellaneous travel, and data collection from the airlines.

If you have any questions, please do not hesitate to contact me.

#### CONSULTING SERVICES AGREEMENT

This Consultancy Agreement (the "Agreement") is made and entered into by and between Volaire Aviation, Inc. (the "Consultant") and the Metropolitan Topeka Airport Authority (the "Company" and/or "Airport") (hereinafter referred to individually as a "Party" and collectively as "the Parties"). This agreement supersedes any and all previous agreements between Consultant and Company.

#### 1. Engagement and Services

(a) <u>Engagement</u>. The Company hereby engages the Consultant to provide and perform the services set forth in this section of the agreement (the "Services"), and the Consultant hereby accepts the engagement.

Jack Penning, Managing Partner, will be assigned the project lead for all work at Airport. He will be assisted by Jeff Hayes, Managing Partner, and Kris Nichter, Executive Director.

- (b) <u>Term.</u> This agreement will begin on June 1, 2021 and be in effect through May 31, 2022. It can be extended for one 12-month period (2022-23) at Company's discretion.
- (c) <u>Services</u>. Consultant will complete the following projects as part of its retainer agreement with Airport:

#### 1) Airline headquarters meetings and presentations (up to two)

Consultant will prepare all materials for airline headquarters meetings, including a specific business case for targeted service. Presentations will include specific demographic analysis of the airport catchment area, economic analysis of the market region, overview of current airline market conditions, and a specific business case and analysis of proposed new service or expanded service.

Consultant will attend all airline headquarters meetings with Airport and present the full business case for current, new, and expanded service.

Consultant will provide all requested follow-up information requested by the airline following the meeting.

### 2) Air service development conference meetings (four per conference, up to four conferences)

Consultant will work with Airport to identify target airlines for meetings and to identify which conferences Airport should attend. Consultant will work with conference organizers to schedule meetings.

Consultant will prepare all materials for airline conference meetings, including a specific business case for targeted service. Presentations will include specific demographic analysis of the airport catchment area, economic analysis of the market region, overview of current airline market conditions, and a specific business case and analysis of proposed new service or expanded service.

Consultant will attend all airline conference meetings with Airport and present the full business case for current, new, and expanded service.

Consultant will provide all requested follow-up information requested by the airline following the meeting.

#### 3) Community visits (Up to four)

Consultant will prepare state of the industry information, market detail, and other pertinent information for community meetings at Airport's request.

Consultant can also visit the community to develop funding for new and expanded air service, meeting with local stakeholders and businesses.

#### 4) Small community air service development grant application (One)

Consultant will write Airport's application for Small Community Air Service Development Grant funding. Consultant will advise Airport on matching funding requirements, application requirements, and all items to enhance Airport's opportunity to win funding.

Consultant will research and develop the business case for proposed service. Consultant will write the application for funding and assist Airport in its submission. Consultant will work to secure airline support for the initiative.

#### 5) Economic impact analysis of new air service (One)

Consultant will detail the economic impact of the Airport's potential new scheduled air service. The analysis will include indirect and induced impact, as developed through the IMPLAN software program. The written report will include detail on impact by source, tax impact, and employment impact throughout the region of targeted air service.

#### 6) Conference calls (Unlimited)

Consultant will provide access to unlimited conference calls for the term of the agreement on issues of air service development and recruitment. Consultant will also offer two conference calls per month, at no additional cost, for marketing advice and guidance. Conference calls can be scheduled at any time by Airport and are unlimited in time and scope.

#### 2. Consultancy Fee and Expenses

(a) <u>Retainer Fee Schedule.</u> Consultant will invoice Airport an equal retainer of \$2,500 per month for all services listed as included as part of the retainer scope of work for a period of 24 months. Invoices will be issued on the first of each month. The retainer amount represents a discount of 5% for the 24-month period of the agreement, based on the following standard project amounts in Airport's previous agreement:

|          | Airline headquarters meeting (first): Airline headquarters meeting (subsequent – two in agreement): a. Total headquarters meeting value:               | \$7,000<br>\$5,000<br>\$12,000 |
|----------|--|--------------------------------|
|          | Airline conference meeting (first at conference): Airline conference meeting (subsequent at conference): a. Total conference value (four conferences): | \$2,750<br>\$1,500<br>\$29,000 |
| 5)       | Community visit (per trip): a. Total visit value (four trips):   | \$3,000<br>\$12,000            |
| 6)<br>7) | Small community air service development grant application:<br>Economic impact analysis of new service:   | \$7,500<br>\$10,000            |
|          | Total value of all projects included in retainer (24-months):<br>Monthly value of all projects included in retainer (24-months):                       | \$63,000<br>\$2,625            |

(b) <u>Additional Project Fees.</u> For projects beyond the scope of the retainer agreement, Consultant will invoice Airport fees per additional project completed, at the following rates. Airport will only be invoiced if it commissions project beyond the retainer scope.

| 1) Additional airline headquarters meetings (per meeting): | \$5,000 |
|--|---------|
| 2) Additional conference meetings (per meeting):           | \$1,500 |
| 3) Additional community visits (per visit):                | \$3,000 |
| 4) Additional Grant applications (per application):        | \$7,500 |

- (c) <u>Performance Bonus Program</u>. Airport will be responsible for bonus payments based on the initiation of new scheduled air service. For each new route *announced* during the term of this agreement, Airport will be invoiced a \$1,500 per month service initiation bonus, beginning the month that flights begin, and continuing for a period of 24 months, or until service ends, whichever comes first. Payments for a partial month shall be prorated based upon the number of days of which flight occur.
- (d) Other Expenses. Airport will be invoiced a one-time data charge, outside of the retainer, of \$1,200 for IMPLAN software data used in Airport's economic impact analysis.
- (e) <u>Future air service marketing.</u> For each new air service recruited to Airport during the term of this agreement, Airport agrees to grant Consultant first right of refusal to manage, create, and direct the marketing program for said new service. A separate agreement will be drafted between Airport and Consultant upon agreement for new air service.
- (f) <u>Hourly rates.</u> For projects not included in the above list, Airport will be invoiced on an hourly basis. The standard hourly rate is \$200 per hour.

(g) <u>Expenses</u>. Consultant shall be entitled to reimbursement for expenses reasonably incurred in the performance of the Services, upon submission and approval of written statements in accordance with the then regular procedures of the Company. Reasonable expenses include, but are not limited to, travel (airfare, hotel, rental car, and meals), printing of materials, and shipping of materials.

In the case of air service development conferences, Consultant will allocate expenses based on the total expenses of Consultant divided by the total number of meetings covered by the Consultant. Take for example a conference where Consultant has three staff members, at a total cost of \$3,000, with 30 total meetings for all attending clients. In this scenario, each meeting would have an expense share of \$100. If Airport had five of the 30 meetings at the conference, Airport's expense share would be \$500.

Consultant shall not be entitled to reimbursement for any expense that has not been preapproved in writing by Airport.

(h) <u>Payment</u>. The Consultant shall submit to the Company invoices detailing the Services performed, expenses, and the amount due. All such invoices shall be due and payable within thirty (30) calendar days after receipt thereof by the Company.

#### 3. Miscellaneous Provisions

- (a) <u>Applicable Law.</u> The terms of this Agreement shall be interpreted in accordance with the laws of the State of Kansas without regard to its conflicts of laws principals.
- (b) <u>Status of Parties.</u> Nothing in this Agreement creates, nor shall anything herein be construed by the parties hereto, or by any third party, as creating, the relationship of principal and agent or of partnership or joint venture between the parties hereto. The Consultant's status shall be that of independent contractor.
- (c) <u>Forum Selection</u>. Any action to enforce the terms of this Agreement or claim for damages shall be brought only in the District Court of Shawnee County Kansas or the United States District Court for the District of Kansas sitting in Topeka Kansas. The parties hereby stipulate that such Courts shall have personal jurisdiction over them.
- (d) <u>Prior Authorization.</u> Notwithstanding any other provision of this Agreement, Consultant will be entitled to compensation from Airport for any work or services performed pursuant to this Agreement only if Consultant has received prior written authorization from Airport to perform the work or service.
- (e) <u>Early Termination.</u> Either party may terminate this Agreement without cause upon 30-days written notice to the other party.
- (f) <u>Incorporation.</u> The provisions of Exhibit A (Standard Provisions) are incorporated herein by reference.
- (g) <u>Entire Agreement.</u> This instrument constitutes the entire agreement of the parties, and no representations, warranties or inducements not expressly set forth herein shall be of any force or effect. This Agreement may be modified or amended only by a writing executed by or on behalf of the party against whom such modification or amendment is sought to be enforced.

IN WITNESS WHEREOF, the Parties have duly executed this Agreement by their authorized representatives as of the date first written above.

Consider Approval of WSP USA, Inc.,

Agreement No. 30900280 - Task Order No. 2 CARES

Act Funding Program – TOP Terminal Building Design Services.

(Board Action Required)

Date: June 11, 2021

As you know, the MTAA received a CARES Act grant of nearly \$17 Million dollars for projects identified in our On-Call agreement with WSP USA, Inc. The Terminal building at Philip Billard Municipal Airport is one of several projects specifically included in the agreement because of this grant.

Task Order No. 2 will encompass architecture and engineering for the design of the Terminal building. The new facility will provide for Fixed Base Operations, Restaurant, and meeting/conference areas. WSP USA, Inc. will provide design architecture and engineering design services for this project. Construction observation services are not included in this task order and, if required, will be negotiated at a later date.

I request the Board approve WSP USA, Inc., Task Order No. 2 – TOP Terminal Building Design Services, in the total amount of Three Hundred Eighty-Five Thousand Two Hundred Ninety-Six Dollars (\$385,296.00), subject to the completion of the Independent Fee Estimate (IFE) and FAA approval. The CARES Act grant funds 100% of the cost with 0% local participation.

Please contact me if you have any questions.

## PROFESSIONAL SERVICES AGREEMENT 30900280 – TASK ORDER NO. 2

APPENDIX A

Scope of Services

#### MTAA CARES ACT FUNDING PROGRAM

#### Task 2 – TOP Terminal Design Services

Metropolitan Topeka Airport Authority (MTAA) has expressed a desire to construct a new Terminal Building at Philip Billard Municipal Airport in Topeka, Kansas. The new facility will provide a general service terminal building for tenants, pilots, and transient passengers. The services life of the proposed building will be 50 years. The MTAA desires to have the CONSULTANT provide design architecture and engineering design services for this project. Construction observation services are not included in this task order and, if required, will be negotiated at a later date.

#### **BASIC SERVICES**

- A. Preliminary Design (0-35% Level of Completion)
  - 1. Prepare for and conduct team kick-off meeting for design services.
  - 2. Data collection of record information (including utility locates, equipment listing, etc.) and site information (including topographic surveys and four geotechnical subsurface borings). The subsurface borings will go to a depth of 15' or auger refusal on bedrock, whichever comes first.
  - 3. Program verification meeting to discuss specific requirements for each program area listed in the space program Basis of Design Report document dated June 2021.
  - 4. Develop Preliminary Program Elements List
    - a. Program elements will be for FBO, Food Service, and Common Space.
    - b. Equipment shall be listed by program area and include a description, price, quantity, dimensions, and general utility requirements for each equipment item.
  - 5. Preliminary Facility Layout and Architectural Plans
  - 6. Preliminary Code Reviews and Coordination for Building Permits
  - 7. Layout preliminary site designs including traffic design, pavement designs for the parking area and asphalt access road. Preliminary site design to also include rough grading concepts for drainage and landscaping.
  - 8. Initiate permitting coordination with Kansas Department of Health and Environment.

    Coordination with the City of Topeka will be required for the acquisition of building permits.
  - 9. Preliminary structural design for Pre-Engineered Metal Building (PEMB) based on geotechnical data.
  - 10. The 35% plans will be reviewed with the OWNER and will include 2 hard copy plan sets and PDF electronic copies of the following:
    - a. Approximately 15-20 plan sheets to convey the proposed facility (building/site/layout), limits of construction, limits of fencing, major earthwork grading concepts and future building/facility layouts.

Task 2 TOP Terminal Design Services

- b. Design Criteria Document detailing equipment needs, spatial/layout, functional relationships, a preliminary listing of material/equipment specifications a cost analysis (See note "i").
- Draft Engineers' Report on Design (Central Region Airports Division AIP Sponsor Guide Section 920 – Engineer's Design Report – Development Projects)

  – including drafted sections for
  - a. Description of work
  - b. Photographs that depict the existing site
  - c. Listing of applicable design standards
  - d. Pavement Design Considerations
  - e. Drainage Design
  - f. Airfield Lighting and Signage NOT USED
  - g. Navigational aids NOT USED
  - h. Pavement Marking NOT USED
  - i. Environmental Considerations (Storm Water Pollution Prevention Plan[SWPPP] & Categorical Exclusion[CATEX])
  - j. Underground Utility Lines in Work Area
  - k. Miscellaneous Work Items
  - 1. Application of Life Cycle Cost analysis (as applicable) NOT USED
  - m. Sponsor Requested Modifications to AIP Construction Standards (Refer to Section AIP- 960)
  - n. Delineation of AIP Non-Participating Work
  - o. DBE Participation Project goals vs. overall program goal
  - p. Project schedule include discussion on project schedule float
  - q. Engineer's Estimate of Probable Construction Costs.
  - r. Preliminary Project Budget (all project costs)
- 12. Prepare submittal for FAA/Owner review, including quality reviews, and attend review meetings with FAA and OWNER (1 meeting). MTAA will provide one (1) set of review comments that will be incorporated into the subsequent submittal. Bi-weekly progress meetings or at frequency appropriate for the stage of design development, will be held in the interim with the OWNER.
- 13. Document review comments and address in the 65% documents.
- B. Design Development (35-65% Level of Completion)
  - 1. Develop initial maintenance layouts for industrial workflow through the facility. All functional areas identified in the equipment list to be included.
  - 2. Obtain brochures and cutsheets on maintenance equipment (approx. 5 items)
  - 3. Develop utility requirement drawing(s) including locations of air, electrical and water outlets not required for equipment, and kitchen exhaust system outlets.
  - 4. Detailed facility layout, floor plans, sections, and elevations
  - 5. Final permits (building, site, utilities)

#### Task 2 TOP Terminal Design Services

- 6. Develop grading and associated details including erosion control, SWPPP, drainage details, etc. Finalize clearing and site limits of work.
  - a. Develop landscaping for site area
  - b. Develop grading for positive drainage
  - c. Develop new pavement and pavement repair details for existing and proposed sites
  - d. Develop fence/gate details
- Develop design for stormwater management system to meet water quality and quantity (detention) management criteria as outline in KDHE Construction Stormwater Program and to meet FAA Advisory Circular 150/5200-33C, Hazardous Wildlife Attractants on or Near Airports, 2019.
- 8. Develop structural design for PEMB
- 9. Develop Construction Safety and Phasing Plan (CSPP) considerations. Work with OWNER to identify long lead items for move-in ready conditions as well as safety requirements for the construction.
- 10. Develop FAA technical specifications tailored to the Project.
  - a. Prepare "front end" documentation.
- 11. Prepare 7460-1 Airspace review for FAA.
- 12. Developed Engineers' Report on Design based on Draft Engineer's report.
- 13. The 65% will be review with the OWNER and will include 2 hard copy plan sets and a PDF electronic copies of approximately 30-40 plan sheets to convey the proposed facility (building/site layout, sections, elevations, floor plans, foundation plans and roofing plan), limits of construction, limits of fencing, location of access gate(s), earthwork grading concepts, drainage concepts, utility delivery to site, paving details and future building/facility layouts.
- 14. Prepare cost estimates and scheduling estimates (see note "i"). Reviews of program element eligibility for FAA CARES act funding will be included in the cost estimating exercise.
- 15. Prepare submittal for OWNER only review, including quality reviews and attend review meeting with OWNER (1 on-site meeting to be in conjunction with final site inspection activities). MTAA will provide one (1) set of review comments that will be incorporated into the subsequent submittal. Bi-weekly progress meetings, or at a frequency appropriate for the stage of design development, will be held in the interim with the OWNER.
- 16. Document review comments and address in 95% documents.
- C. Design Development (65%-95% Level of Completion)
  - 1. Finalize facility layouts, floor plants, detail floor plans, elevations, sections, roof plans, foundation plans, and equipment/material listing.
  - 2. Finalize site plans and associated details.

#### Appendix A

Task 2 TOP Terminal Design Services

- 3. Finalize permits associated with final site work.
- 4. Finalize FAA technical specifications tailored to the Project.
  - a. Finalize "front end" documentation.
  - b. It is assumed that no more than 10 specifications will be developed for new equipment for the facility and 10 specifications will be developed for salvaged equipment.
- 5. Finalize cost estimates and scheduling estimates (see note "i"). Reviews of program element eligibly for FAA CARES Act funding will be included in the cost estimating exercised. Include cash flow estimates with the cost and scheduling estimates.
- 6. Finalize Engineers' Report on Design.
- 7. Prepare submittal for FAA/OWNER review, including quality reviews, and attend review meetings with FAA and OWNER Document review comments and address in final bid documents. Weekly progress meetings, or at a frequency appropriate for the stage of design development, will be held in the interim with the OWNER.
- D. Final Design and Bid Documents (Bidding Documents)
  - 1. Incorporate any final changes occurring from the 95% review documents.
  - 2. Prepare final bid documents for advertising (plans, specifications, and estimates) (see note "i").
    - a. Transmit final bid documents to MTAA.
    - b. Assist MTAA with advertisement of project to prospective bidders.

#### E. Bidding Phase Services

- 1. Prepare for and conduct a pre-bid conference (virtual if necessary). Prepare meeting minutes to be issued as an addendum.
- 2. Prepare for a maximum of two addenda (including the aforementioned meeting minutes) in response to bidder's questions.
- 3. Attend the bid opening, prepare a tabulation of bids and conduct a bid analysis for recommendation of award.

#### F. Construction Phase Services

1. Construction phase services will be negotiated at a later date as an additional task order.

#### OTHER SERVICES

- 1. An Airport Layout Plan update will not be included in this scope.
- 2. It is assumed that no property acquisition, lease modifications or easements will be altered or made as a part of this project.

#### **NOTES PERTAINING TO SERVICES**

- i. The construction cost estimates will be based on the ENGINEER's professional experience and judgment and shall be deemed to represent the ENGINEER's opinion. The ENGINEER has no control over the cost of labor, materials, equipment, and other relevant factors that could influence the ultimate construction costs. Thus, the ENGINEER does not guarantee that the actual facility cost will be the same as the ENGINEER's estimate of probable construction cost or that construction costs will not vary from its opinions of probable cost.
- ii. It is assumed that the base floor plan or layout provided in the Basis of Design Report document will be used for the design of the Terminal building. Deviations from the base floor plan or layout provided in the Basis of Design Report document will constitute changed conditions and will require negotiations for modifications to this scope and the associated fee for the work.
